

Replacement Instructions

1. Follow general instructions on back of pouch. Read instructions through before beginning installation. Have someone to hold and support the hood, hatch, liftgate or trunk while replacing the old lift supports.
2. Remove the ball studs and old lift support from the vehicle using an open-end wrench.
3. Install the included ball studs and washers supplied on to the vehicle.
4. Install the new lift support in the same direction as the old lift support by pressing the plastic ball socket ends onto the ball studs.
5. Check that all connections are tight and secure.
