

Replacement Instructions:

1. Follow general instructions on back of pouch. Read instructions through before beginning installation. Have someone to hold and support the hood, hatch, liftgate or trunk while replacing the old lift supports.
2. Remove bolt that attaches rod-end of old lift support to the vehicle.
3. Install the longer ball stud and washer in the vehicles threaded hole.
4. Remove the rod-end ball stud and old lift support from the hatch using an open end wrench.
5. Install the shorter ball stud with washer into the threaded hole in the vehicles hatch.
6. Install the new lift support by pressing the plastic end fitting onto the ball stud one side at a time.
