

Replacement Instructions:

1. Follow general instructions on back of pouch. Read instructions through before beginning installation. Have someone to hold and support the hood, hatch, liftgate or trunk while replacing the old lift supports.
2. Remove the ball studs and old lift support from the vehicle by using an open end wrench.
3. Install the shorter provided ball stud and washer into the threaded hole in the vehicle hatch.
4. Install the longer provided ball stud and washer into the threaded hole in the vehicle body,
5. Install new lift support in the same direction as the old lift support. Press the plastic end fitting onto the ball stud one side at a time.
6. Check that all connections are tight and secure.
