

Replacement Instructions:

1. Follow general instructions on back of pouch. Read instructions through before beginning installation. Have someone to hold and support the hood, hatch, liftgate or trunk while replacing the old lift supports .
2. Remove the ball studs and the old lift support from the vehicle using an open-end wrench.
3. Install new ball studs and original washers supplied with your new lift support.
4. Install new lift support in the same direction as the old lift support. Press plastic end fitting onto the ball stud one side at a time.
5. Check that all connections are tight and secure.
