

# STABILUS

YOUR MOTION. OUR SOLUTION.

## INDUSTRIAL POWERISE IPR35 SMART

### Summary

- Industrial specific requirements build on automotive quality standards
- Easy integration with internal controller
- Setting a new standard for acoustics performance
- Wide variety of back drive forces for the optimum ergonomics
- Pairs with Stabilus gas spring for managing heavy applications with a lightweight drive
- Slim inline design for minimized installation space

### Characteristics

- Output force up to 2,5 kN
- Water proved (IP67) sealing
- 12 V or 24 V Power supply
- Integrated Controller
- LIN Bus onboard
- Multi drive control by default
